## **DETAILED ACTION**

Applicant's amendments filed November 26, 2003 have been entered.

The outstanding rejections have been withdrawn in view of the amendments filed November 26, 2003.

Claims 1 and 34 are pending.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The expression "the combination thereof" recited in claim 1 to describe substituents R<sub>1-6</sub> renders the claim indefinite since it is not clear how a single substituent as a combination of substituents.

### ***Allowable Subject Matter***

Claim 34 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
